Tomatoe's Restaurant  
9300 Amherst Avenue  
MARGATE, NJ 08402

Dear Tomatoe's:

My name is Walter L, and I am a 7th grade student at Eugene A Tigh School in Margate, NJ. I have been assigned to write about my favorite restaurant. I chose to write about Tomatoe's because I love to eat there! I have been there many times, but I'm always ready to go back. My mouth is watering just thinking about it! I hope you like my review.

Are you ever in the mood for sushi, hot wings, fries, or a good drink? If you answered yes, then come down to Tomatoe's. Tomatoe's has excellent service and great chefs. Tomatoe's has a fun atmosphere and a delectable menu. It offers selections from steak to seafood using a variety of preparations from around the world. It offers traditional dishes like fish and chips to new cuisine like barbeque chicken flatbread and Kobe sliders. The menu is extensive. There is something to please everyone. You should eat at Tomatoe's. You will be glad you did.

When I ask, "What is for dinner?" my mom and dad say "We are going out for dinner." If we are dressed up, I know we are going some place fancy. If not, then we are going to one of our usual spots. I wonder where. When we get into the car, I guess where we are going; like Doc's, Anchorage, or The Crab Trap. When we pull up near Tomatoe's, I get really excited because I know what mouth watering food awaits for me.

At the entrance, we are greeted by a colorful arrangement of flowers. The building is modern and sophisticated. I want to go inside. The interior of Tomatoe's is really cool. It has a center bar, where one can get all sorts of drinks like wine, beer, soda, sparkling water, water, champagne, and juice. If you want to talk with friends, head for one of the comfy booths. At the bar, there is a TV where one can watch sports like basketball, football, and baseball. If you are in the mood for sushi, there is also a sushi

bar. For the music lovers, there is a disc jockey or band almost every night. The music is really good. You would like it too. The atmosphere is lively and the crowd sociable. These are the some of the reasons that Tomatoe's is a great place to go.

When we get inside, we order our favorite meal: hot wings with a basket of fries. We chase it with a Shirley Temple, which is a soda with cherry juice and a cherry. They know just how I like it because I am a regular customer; so it comes with four cherries sometimes! When we get our food, it tastes like heaven. It is so delicious that I savor every bite. The hot wing sauce is so fabulous, it makes your tongue do the tango. When I drink the soda, it feels like I'm drinking a waterfall of sweetness. The fries are so delicious that it is like tasting crunchy potatoes. The food is simply extraordinary!

After I finish dinner, I don't want to leave so I beg my mom to order dessert. My favorites are the peanut butter pie and the brownie sundae. The peanut butter it slides right off the spoon. The crust is so buttery that the graham cracker crumbs dance in my mouth. The Sundae is piled high with hot fudge, whipped cream and a cherry. It's always so difficult to choose because I love them both.

In closing, readers, you now know where to go for a delicious meal or to hang out with friends. Make a reservation at Tomatoe's before its too late. Get there there early to beat the crowd. Hope to see you there.

Your regular customer,

*Walter L.*
